

ALGAE CLEAN OUT

Water Clarifier Ponds & Water Gardens

- EPA Approved Algaecide
- Stops Algae Growth
- No More Green Water
- Controls String Algae
- Fast Acting

Excessive algae growth is both unattractive and hazardous to fish and plant life. Fritz Pond Algae Clean Out is the most concentrated EPA registered pond algaecide available. Algae Clean Out contains no copper, and is safe for all ornamental fish and plants when used as directed.

Dosage / Instructions:

It is a violation of federal law to use this product in a manner inconsistent with its labeling. For use in self-contained aquariums, ornamental ponds and fountains without any outflow. Insure that water is well aerated, and remove excess algae before treatment.

Calculate volume of pond in gallons. Use 1 teaspoon (5 ml) per 60 gallons. Repeat dosage once per week for maintenance.

To figure capacity of fountain or pond; Length x Width x Depth = cubic feet x 7.5 = gallons.
